Radiology SA enters the Digital Age of Angiography

Radiology SA has newly installed the class leading Siemens AXIOM Artis Multi Purpose Angiography / Fluoroscopy System in our Memorial Hospital rooms. The AXIOM utilises state of the art imaging chain technology found on high end angiography systems. A comprehensive range of diagnostic and therapeutic procedures are performed with increased confidence by our team of skilled interventional radiologists. The Artis MP provides a better outcome for your patients.

*Dr Mike Wilks
Clinical Director,
Radiology SA
The Memorial Hospital*
