Patient Preparation

Barium Swallow, Barium Follow Through or Barium Meal:

Do not have anything to eat or drink for six hours before your appointment.

Barium Enema:

Follow the instructions on the bowel cleansing kit provided by your doctor or from our rooms.

Virtual (CT) Colonography:

Collect a bowel cleansing kit from our rooms, and follow the instructions.

IVP:

Do not eat or drink for four hours before your appointment.

CT Urogram:

No preparation required.

CT Abdomen:

Please have only clear fluids for four hours prior to your appointment.

MRI:

No preparation is required. At your appointment you will be asked to complete a safety questionnaire to ensure you are eligible to be scanned.

Mammography:

Do not use talcum powder or deodorant on the day of your appointment. Please wear a two-piece outfit.

Facet Joint or Nerve Root Injection:

No preparation required unless your doctor has arranged sedation.

Upper Abdominal Ultrasound:

Do not eat, drink or smoke for six hours before your appointment.

Pelvic, Renal, Obstetric Ultrasound:

A full bladder is required. Drink one litre of water one hour before your appointment.

Nuclear Medicine:

Details will be available when making your appointment.
